

Green Essence™

Excellence In Environmentally-
Responsible Floor Care

Green Essence™

Superior Floor Care With Less Environmental Impact

Essential Industries Green Essence™ floor care program consists of four environmentally-responsible products that work--period! There is no performance tradeoff. G2 Green Finish and Green Strip comply with the Green Seal™ environmental standard for floor care products: finishes and compatible strippers used for industrial and institutional purposes (GS-40). Green Clean complies with Green Seal's standard for industrial and institutional cleaners (GS-37).

Essential Industries' Green Essence™ floor care program addresses both environmental impact and user safety. The products in this program exceed all current federal environmental regulatory requirements.

Green Essence floor care products are non-corrosive, ethylene glycol ether-free, VOC-compliant, zinc-free, non-carcinogenic, non-combustible, non-sensitizing, and APEO-free, including no NPE's.

G2 Green Finish

High Performance Floor Coating

Green Strip

Environmentally-Responsible Floor Stripper

Green Clean

Environmentally-Responsible Floor Cleaner

Green Restore

Environmentally-Responsible Floor Restorer

Green Seal™ Certified Finish, Stripper and Floor Cleaner

Green Seal is an independent non-profit organization dedicated to safeguarding the environment and transforming the marketplace by promoting the manufacture, purchase, and use of environmentally responsible products and services. To earn the Green Seal Certified Mark, a product must meet the Green Seal environmental standard for its category as demonstrated by rigorous evaluation and testing.

G2 Green Finish 8201FF

High Performance Floor Coating

A zinc-free, 20% solids floor finish and sealer. Protects and beautifies all floors including vinyl tile, terrazzo and stone substrates. Applies easily, dries quickly to a high gloss and repairs easily. For all maintenance systems, including no-buff, spray buff and high speed burnishing.

Green Strip 8881FX

Environmentally-Responsible Floor Stripper

Aggressive yet safe to use butyl and ethylene glycol-free stripper. Does not contain caustic, phosphate or other alkaline builders. Meets all VOC regulations and ships as non-hazardous material for freight savings. Pleasant and safe to use. Use it at 1:4 dilution.

Green Clean 8513FC

Environmentally-Responsible Floor Cleaner

Neutral, no-rinse floor cleaner. Contains only detergents and water - does not contain alkaline builders or solvents. Will not dull or leave a film on floor surface. Excellent for cleaning walls, equipment, sealed wood floors, marble, display cases, furniture and stainless steel.

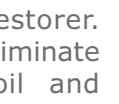

Green Restore 8549FR

Environmentally-Responsible Floor Restorer

Non-film-forming cleaner and restorer. Contains no polymers or wax to eliminate build-up. Removes embedded soil and repairs scuffs, scratches and dull spots while reducing powdering. Use at 1:64 for weekly restoration or 1:16 for periodic deep cleaning prior to recoating.

NOTE: GS-40 Standard does not exist for restorers.

Green Essence™

Environmental/Safety Profile

Criteria	Products					Definition of Criteria
	G2 Green Finish	Green Strip	Green Clean	Green Restore*		
Green Seal™ Certified GS-40	✓	✓				This product meets the Green Seal™ standard for industrial and institutional floor care products based on its reduced human and aquatic toxicity and reduced smog production potential.
Green Seal™ Certified GS-37			✓			This product meets the Green Seal™ environmental standard for industrial and institutional cleaners based on its reduced human and environmental toxicity and reduced volatile organic compound content.
Biodegradability**		✓	✓	✓		Evidence indicates the ingredients used in the products do not bioaccumulate and are biodegradable in the environment as well as in wastewater sewage treatment plants.
Non-Zinc	✓	✓	✓	✓		Determination is made on the presence of zinc in the product.
Non-Acid	✓	✓	✓	✓		Determination is made on the presence of acid in the product.
Non-Corrosive	✓	✓	✓	✓		Meets OSHA Hazard Communication Standard (29 CFR 1910.1200) and DOT Hazardous Material Regulations (49 CFR 173.136).
Non-Flammable	✓	✓	✓	✓		Meets OSHA Hazard Communication Standard (29 CFR 1910.1200) and DOT Hazardous Material Regulations (49 CFR 173.120).
Non-Sensitizing	✓	✓	✓	✓		The product's ingredients are not skin sensitizers as tested by the OECD Guidelines, Section 406.
APEO-Free	✓	✓	✓	✓		Determination is made on the presence of Alkylphenylethoxylates (APEO) in the product.
Non-Carcinogen	✓	✓	✓	✓		Contains no ingredients that are listed as known, probable, or possible human carcinogens.
Non-Toxic	✓	✓	✓	✓		Meets OSHA Hazard Communication Standard (29 CFR 1910 Subpart Z).
Phosphate-Free		✓	✓	✓		Meets New York Environmental Conservation Law (Article 35, Title 6, Section 695.1).
National and California VOC-Compliant	✓	✓	✓	✓		Product does not contain any VOC or exceed the acceptable VOC content as established.
UL-Classified	✓		✓	✓		Floor Coating and Finishing Material. Slip Resistance Only. 177S

* Currently there is no Green Seal standard for industrial and institutional floor restorers.

** The resin portion of a floor finish is not biodegradable.
