Solutions That Meet Your Needs

WATER-BASED WOOD CARE

Featuring the Sport Kote® Wood Care System

The Sport Kote Wood Care System is a full-cycle system designed specifically for use with Sport Kote to minimize labor, expense and downtime while delivering long-lasting beauty and protection to all wood floors.

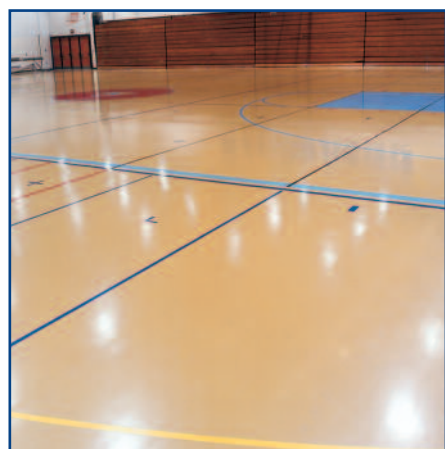

- Products engineered to prepare wood floor for maximum Sport Kote adhesion and durability
- Easily and safely remove rubber burns, black marks, mop treatments and soil
- Removes dirt and soil to promote maximum bonding for Sport Kote finish
- All products improve safety and slip resistance
- Maintains the new-coat gloss year-round

SOLVENT-BASED WOOD CARE

For traditional solvent-based wood care, use our 40% Gym Finish or our High Solids Gym Finish. These products incorporate an oil-modified urethane seal and finish that offer excellent durability, gloss, scratch and slip resistance.

- Perfect for gym floors, racquetball courts, dance floors and other wood surfaces
- High gloss formulas provide a beautiful, rich appearance
- Provide durable coatings that resist scuffs, rubber marks and dirt

SYNTHETIC FLOOR CARE

Synthetic flooring has a variety of special maintenance requirements and Sportflex™ Synthetic Sports Floor Finish provides the durable coating necessary to protect your floor.

- Tough, flexible, long-lasting film protects all synthetic sports floors from premature wear
- Uniquely restorable with burnisher
- Urethane-fortified for maximum durability and beauty
- Use on all rubberized urethane, vinyl and epoxy-based sports floors
- Combination seal and finish
- UL-classified

Water-Based Urethane Wood Finish

Sport Kote is a unique self cross-linking, water-based, urethane wood finish which delivers all the performance of a traditional OMU with lower cost in a fraction of the time.

- No sanding or screening
- Single-component – pour and apply
- No pot life
- Adheres to any sound gym floor coating
- Fast-drying – 60 minutes under normal conditions
- 24 hours prep-to-play
- Easily restored to like-new gloss
- Self cross-linking eliminates need for catalysts, gluing or heavy metals
- MFMA-approved and UL-classified
- VOC-compliant in all 50 states
- Finish lasts for 1 year
