

What our customers are saying...

"My first words were 'Wow, how amazing this looks.' It looks like a NBA court to me. This is how your gymnasium should look at all times."

Jean Victoria – Maintenance and Assistant Track Coach
Bishop Sullivan Catholic High School – Virginia Beach, VA

"Very easy to put down the product. The durability and the shine are outstanding. The maintenance is very straightforward and easy...holds up really well. They use this floor like 14 hours a day every day of the week. As you can see it's beautiful after months of use. Highly recommend it."

Tom Gillespie – Maintenance Engineer
St. Patrick's High School – Chicago, IL

Customer Support

We believe in providing our customers the best of training. Here at Essential Industries, we have the following materials available to assist you in successfully finishing and maintaining your wood floors...

Wood Floor Care Manual - Bilingual step-by-step walkthrough, from start to finish.

Product Spec Sheets - Product specific list of features and properties.

Wall Charts - Illustrated charts to post on the wall, ensuring everyone knows the proper steps for caring for your floors.

Videos - Visually learn application and maintenance techniques from our experts.

The next generation of the
MARKET LEADING
one-part water-based gym coating!

For over 15 years, the innovative technology that has been driving Sport Kote's success has been unmatched. Because we design and invent polymers from scratch in our own facilities, we are the only company in the world with the ability to provide you with this one-of-a-kind self cross-linking technology. Its flexible design allows it to be repaired while maintaining the same durability expected of a traditional OMU.

And now, through continued research and ambitious ground-breaking advancements, we have engineered the next generation of wood floor care excellence.

SPORT[®] KOTE PC

is the next generation of Sport Kote...

...the **MARKET LEADING** water-based single-component gym finish for the last 15 years.

What's different about Sport Kote PC?
Everything...and nothing.

Sport Kote PC still delivers:

- **Easy, dustless prep – no sanding or screening required**
- **Single-component, just pour and apply**
- **Adheres to ANY sound gym floor coating**
- **Fast dry time**
- **Low odor**
- **The SPORT KOTE PROMISE**

2 people

5 hours for 2 coats

Play on it the next day!

**“My first words were
‘WOW, HOW AMAZING
THIS LOOKS’...”**

Bishop Sullivan Catholic High School
Virginia Beach, VA

The shine, the durability, the money and time saved...Sport Kote PC offers everything you've come to expect from Sport Kote and more!

Now it's made with Polycarbonate, the same material found in the bullet proof canopy of the U.S. Military's new F-22 Raptor fighter jets.

That means **BIG GAINS** in:

● **SCRATCH RESISTANCE**

● **SCUFF RESISTANCE**

● **DURABILITY**

● **DEPTH OF GLOSS**

● **GLOSS LONGEVITY**

Safety profile

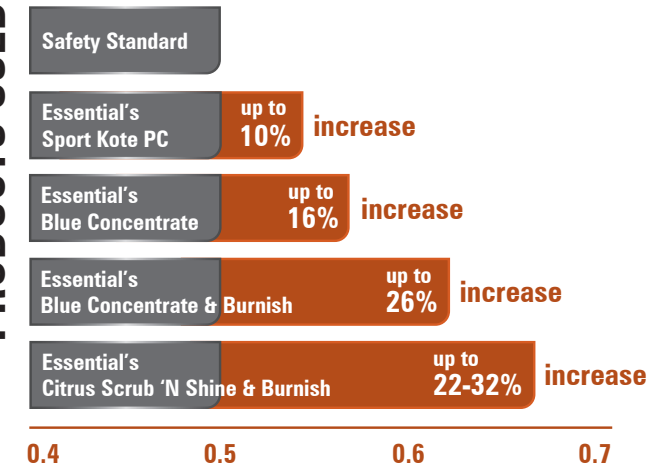

Slip-Resistance

Underwriters Laboratories (UL) slip resistance classification provides a comprehensive wood floor care program under which applicable products are slip-tested. Including:

► **Finishes** ► **Cleaners** ► **Restorers**

Proper maintenance keeps floors slip-resistant. This chart illustrates how slip resistance increases with proper use of floor finishes, floor cleaners and floor restorers.

PRODUCTS USED

Anti-Slip Value*

*ASTM D2047 and UL Standard requires a slip value of 0.5 or greater for approval.

Slip and Fall Support

- Essential's floor care experts have a lifetime of experience helping customers with unique floor challenges. Feel free to contact us for more information.
- Essential can provide documentation that a given product has been classified slip-resistant by UL.
- Slip resistance information for our products is available on the web.
