

### What our customers are saying...

"My first words were 'Wow, how amazing this looks.' It looks like a NBA court to me. This is how your gymnasium should look at all times."

**Jean Victoria – Maintenance and Assistant Track Coach**  
Bishop Sullivan Catholic High School – Virginia Beach, VA

"Very easy to put down the product. The durability and the shine are outstanding. The maintenance is very straightforward and easy...holds up really well. They use this floor like 14 hours a day every day of the week. As you can see it's beautiful after months of use. Highly recommend it."

**SPORT KOTE®**

CELEBRATING  
**25 YEARS**

Market leading, one-part water-based gym coating with revolutionary **POLYCARBONATE TECHNOLOGY!**

For 25 years, the innovative technology that has been driving Sport Kote PC's success has been unmatched!

Because we design and invent polymers and cross-links from scratch in our facilities, we are the only company with the ability to provide you with our one-of-a-kind self cross-linking technology. By cross-linking urethanes and acrylics, we've created a product that adheres directly to the surface, greatly reducing the need to aggressively prep your floor.

This flexible product design also allows Sport Kote PC to be easily repaired while maintaining the same durability expected of a traditional OMU.

## Slip-Resistance

Underwriters Laboratories (UL) slip resistance classification provides a comprehensive wood floor care program under which applicable products are slip-tested, including:

- ▶ **Finishes**
- ▶ **Cleaners**
- ▶ **Restorers**

Proper maintenance keeps floors slip-resistant. This chart illustrates how slip resistance increases with proper use of floor finishes, floor cleaners and floor restorers.
