

Sports Floor Care

DAILY MAINTENANCE

1 matting

Overloaded mats cannot trap soil and prevent it from entering the building. Be sure to vacuum mats daily at all entrances.

2 gum removal

Carefully remove gum, tape and labels with a putty knife. Angle the blade so you don't damage the finish.

3 wet mop

Damp mop spills as they occur using a 2 oz./gal. dilution of Blue Concentrate (2085FC). Avoid saturating the floor with cleaner solution.

4 dust mop

Dust mop the floor twice daily. Keeping grit off the floor will greatly extend the finish life and appearance.

WEEKLY MAINTENANCE

1 gum removal

Carefully remove gum, tape and labels with a putty knife. Angle the blade so you don't damage the finish.

2 dust mop

Dust mop the floor.

3 auto scrub

Auto scrub weekly using a 2 oz./gal. dilution of Blue Concentrate (2085FC) and red pads. For facilities not equipped with an auto scrubber, damp mop weekly using a 2 oz./gal. dilution of Blue Concentrate. During severe weather months, more frequent cleaning may be necessary. Be sure to avoid saturating the floor with cleaner solution.

damp mop

RESTORATION PROCEDURES

1 gum removal

Carefully remove gum, tape and labels with a putty knife. Angle the blade so you don't damage the finish.

2 dust mop

Dust mop the floor.

3 auto scrub

Auto scrub using a 6 oz./gal. dilution of Citrus Scrub 'N Shine (525FR) and red pads. Avoid saturating the floor with restorer solution.

4 burnish

Burnish the sports floor using a high speed machine and hogs hair pads. Always dust mop after burnishing.

SCRUB AND RECOAT

1 gum removal

Carefully remove gum, tape and labels with a putty knife. Angle the blade so you don't damage the finish.

2 dust mop

Dust mop the floor.

3 apply restorer

Apply an 8 oz./gal. dilution of Citrus Scrub 'N Shine (525FR) in 200 ft² sections. (Use a Kaimotion bucket and mop or an auto scrubber.)

4 top scrub

Top scrub with maroon wood prep pad, picking up solution before moving to next section. Be sure to flip maroon pads every 500 sq. ft. Floor should be uniformly clean and mark-free.

5 rinse floor

Rinse entire floor with 2 oz./gal. dilution of Blue Concentrate (2085FC) and maroon pads, flipping the pads every 500 sq. ft. Damp mop the edges of the floor that are unreachable with the auto scrubber. Let dry.

6 apply finish

Recoat with Sport Kote PC (128SF).
