

Words from our customers...

The shine makes you feel as if you are on a skating rink...

“Essential’s X-Coat™ Nano is the ultimate floor finish and has made all other products pale in comparison. The dry time between coats is second to none; the shine makes you feel as if you are on a skating rink. We have had nothing but positive feedback from our customers who have received this floor finish saying it looks amazing. Our special service manager and his team love working with this product.

I would recommend X-Coat Nano to anyone in the industry in search for a floor finish they can rely on for the greatest results and the happiest customers.”

Matthew Crawley, Representative
Golden Valley, MN

The maintenance is very straightforward and easy...

“We love how your Sport Kote holds up and looks on our floor. We are able to get two years of wear out of your product before we need to recoat because it responds to burnishing so well.”

Kyle Karsten, Executive Director
Decatur, IL

“Very easy to put down the product. The durability and the shine are outstanding. The maintenance is very straightforward and easy...holds up really well. They use this floor 14 hours a day every day of the week. As you can see it’s beautiful after months of use. Highly recommend it.”

Tom Gillespie, Maintenance Engineer
Chicago, IL

...the floor is significantly easier to keep clean.

“The terrazzo has never looked so good and we have received a number of compliments on it. Additionally, we noticed that the floor is significantly easier to keep clean.”

Andy Robertson, Building and Grounds Supervisor
Madison, WI

“Your product has proven the test of traffic and wear, with very little maintenance to it. Damp mopping with a neutral cleaner has kept it shining like new.”

Rob Mercer, Building Superintendent
Indianapolis, IN

Grocery Floor Care Systems

The latest floor care innovations from Essential Industries are hitting the grocery market and the results are beyond compare. With longevity in the floor care industry and R&D to back up our credentials, Essential Industries presents its latest products and expert technical support for grocery stores and floor maintenance contractors.

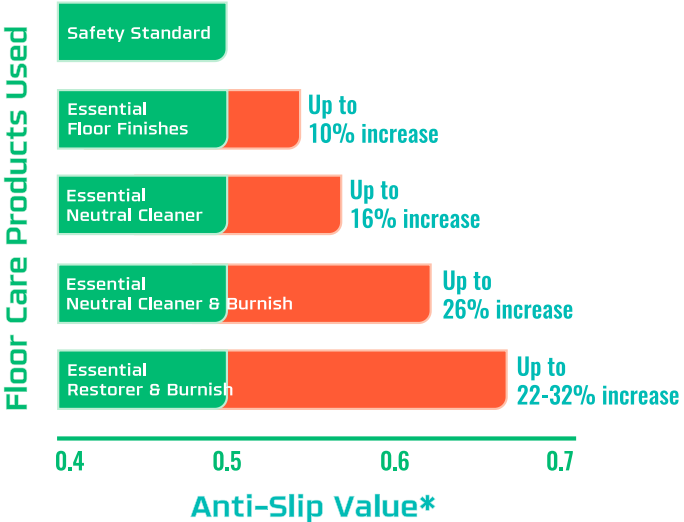

Slip-Resistance

- Every floor finish we supply is slip-tested to conform to ASTM D2047 standards.
- Underwriters Laboratories (UL) slip resistance classification provides a comprehensive grocery floor care system under which applicable products are slip-tested, including: Finishes, Restorers, and Cleaners.

Slip and Fall Support

- Essential's floor care experts have a lifetime of experience helping customers with unique floor challenges. Feel free to contact us for more information.
- Essential can provide documentation that a given product has been classified slip-resistant by Underwriters Laboratories.
- Slip resistance information for our products is available on the web.

Proper maintenance keeps floors slip-resistant. This chart illustrates how slip resistance increases with proper use of floor finishes, floor cleaners and floor restorers.

* ASTM D2047 and UL Standard requires slip value of 0.5 or greater for approval.
