

CONCRETE

FLOOR CARE PROGRAM

Restore, protect, and maintain your concrete floor.

273CF

PANTHEON CONCRETE SEALER

Durable Sealer for Interior Concrete* and Terrazzo Floors

- Easy to apply and dries fast
- Low odor/VOCs
- Wet adhesion properties
- Non-blushing, non-yellowing
- Excellent water resistance
- No grinding, buffing or burnishing required to maintain
- Standard flat mop for application
- Resistant to acids, bases and stains
- Stands up to ice melter and rock salt
- Eliminates cow pathing and scuffing
- Use as a bridge-coat for floor finish
- Recoat is a simple scrub/recoat process
- Slip-resistant – UL-classified

* Pantheon can also be used as a curing compound on 'green' concrete. It passes the testing protocol, ASTM C309 "Liquid Membrane-Forming Compounds for Curing Concrete."

A Simple Solution

164CF

IMPERIUM

Concrete Polish Guard

- Works as a polish guard for concrete floors
- Provides protection from spills
- Offers superior chemical resistance
- Mar and scratch resistance
- Non-yellowing, fast drying formula
- Responsive to burnishing with diamond impregnated pads
- Applies easily using standard equipment
- Large coverage area - 1500-2000+ ft²/gallon

2174FC

CENTURION

Concrete Cleaner and Densifier

- For maintaining, cleaning and densifying concrete surfaces
- Superior all-around cleaning powered by Blue Concentrate
- Improves performance of concrete with each use
- Mild pH when diluted – great for cleaning heavily soiled floors
- Free-rinsing, non-dulling, and low foam
- Dilute 2 ounces per gallon
- Neutralizes ice melter residue prior to recoating

CONCRETE

FLOOR CARE PROGRAM

A Simple Solution

152CF T-Rx™ Complete Terrazzo Solution

- Incredible stain resistance
- UV-stable
- Restores terrazzo color
- Extremely resistant to cowpathing, scratching and scuffing, dirt penetration and black heel marks
- Eliminates the need for stripping
- No densifiers or restorers needed
- Applies like a floor finish

2085FC BLUE CONCENTRATE Heavy-Duty, No-Rinse Cleaner

- Use on all resilient, sealed wood, synthetic, linoleum, rubber, asphalt, terrazzo, vinyl, granite, hard tile and concrete floors
- Excellent for neutralizing ice melt and stripper residue prior to recoating, deep scrubbing, and rinsing
- Mild pH (9.1 in dilution) – great for cleaning finished floors
- Rinse-free, non-dulling, low foam all surface cleaner
- Variable dilution rates from 1 - 8 oz. per gallon
- Slip-resistant – UL-classified

2917FX XLERATE™ Ultra-Concentrated High Productivity Stripper

- Aggressive dual-solvent formulation easily strips all seals and finishes on the first pass
- Ultra-concentrated 1:19 to 1:30 dilution provides the utmost in economy and convenience and greatly reduces inventory
- Powerful - removes multiple layers of highly burnished finishes
- Low odor formula affords user comfort and eliminates complaints
- Effective in cold to warm water
- Slow evaporation rate for longer dwell time and less re-mopping

RECOMMENDED EQUIPMENT

Applicators:

Weighted T-Bar
Microfiber Flat Mop

Pads:

SPP Pad (to remove densifier)
White Pad (for burnishing)
Blue Pad (double-scrub prior to recoat)

To build gloss, use the
Norton Diamond Pad System:

- STEP 1: COARSE PAD (400 grit)
For heavy duty surface renovation
- STEP 2: MEDIUM PAD (800 grit)
For deep cleaning
- STEP 3: FINE PAD (1500 grit)
For cleaning and polishing
- STEP 4: VERY FINE PAD (3000 grit)
For daily maintenance and polishing
