Recoat Your Floors This Fall

EMax Dispensing System - Versatile and Flexible

FEATURED ARTICLE

Fall is a Great Time to Recoat Your Wood Floors

While summer has always been the standard, accepted time for recoating your gym floors, that is quickly changing as many schools are adopting a new yearly schedule. This new schedule offers more opportunities throughout the year to recoat your floors. Fall break can be a great time to take advantage of lower traffic and less overall use of the space.

FALL BREAK OFFERS:

- **More time to complete your yearly recoat.**
- **Better temperatures to make the job easier - less humidity!**

Essential Industries is here to help you embrace the new schedule with multiple products to recoat your school floors, including our Sport Kote® PC Trilogy:

- **Sport Kote® PC (128SF)** - 1K, 2-Coat
- **Sport Kote® PC Plus (168SF)** - 1K, 1-Coat
- **Sport Kote® PC Pro (178SF)** - 2K, 1-Coat

PFAS NIA NOT INTENTIALLY ADDED

These products offer excellent durability, ease-of use AND amazing gloss, and are also formulated without intentionally added PFAS.

EMax System Offers Versatility and Flexibility for Your Schools

EASY. ACCURATE. EMAX DISPENSING TECHNOLOGY

Flexibility and convenience lead to labor savings with our easy-to-use EMax Dilution Control System.

Essential Industries' EMax Dispensing System provides fast, precision chemical dispensing to ensure each product is diluted accurately for maximum product performance, every time. Our super concentrated technology is at your fingertips with our impressive product line-up, which includes 6 Green Seal™ certified cleaners and our ALL Systems - ALL Surfaces Cleaner, #56 Blue Concentrate.

Our EMax dispensers are designed for maximum ease-of-use and flexibility. The same unit can dispense all of our super concentrated chemistries. Uniform dilution with push button accuracy ensures consistent product performance. EMax dispensers deliver increased durability and easy, tool-free maintenance with compact profiles that can easily be mounted anywhere in your school, and our mobile unit makes it easy to dispense your chemicals on the go.

The EMax Dispensing System is a forerunner in versatility offering single-button and dual-button dispensers, along with locking cabinets and sturdy wall-mounted racks allowing you to customize your dispensing system to meet your specific needs.

From cafeterias and classrooms to gym floors and locker rooms, our Emax Dispensing System can help YOU save time and labor in your school.
